# ACE

## A Quality Initiative for Central Sterile Service Departments (CSSD)

Technical Guidance Partner

# Message from the CAHO Leadership

---

**Dr. Vijay Agarwal**  
**President of CAHO**

The vision of any hospital is to provide safe and the best quality care to the patients. Preventing nosocomial infections has become the biggest challenge in providing safe care. The crucial role that CSSD plays in lowering the infection rate within the hospital cannot be over emphasized and yet it does not get the attention that it deserves from the management. We have decided to undertake the herculean task of improving the compliance to the standards and guidelines - through ACE. The ACE program would be a platform to assess the protocols implemented in CSSD of your institution and work with your team to identify gaps and improve and incorporate the best practices.

**Dr. Lallu Joseph**  
**Secretary General of CAHO**

The scope of a CSSD department has expanded from a department with just an autoclave unit to play a pivotal role in ensuring dedicated workflow of sterile supplies and thus becoming an important pillar of infection prevention in a hospital. This brings strong emphasis for the staff members to know how to perform every task and understand why it is being performed. The functionality of CSSD has to be given the same respect as operation theatre. This is a great challenge as most of the personnel working have not gone through a recognized structured training program. Through the educational modules lined up as a part of ACE programt, we aim to empower the CSSD team, which would yield in increased efficiency and improved patient safety.

---

# ACE Overview

---

The pivotal role of the Central Sterile Supply Department (CSSD) is to provide consistent disinfection and sterilization services. This can be a monumental task yet a vital link. To help HealthCare Organizations, CAHO is proud to present ACE, a Quality Initiative which aims to enhance the knowledge and capabilities of the staff and upgrade the practices in the CSSD. The ACE program aims to bring in Awareness, ensure Compliance and reward Excellence.

The primary objective of ACE program is to facilitate capacity building amongst CSSD professionals, share best practices, and provide benchmarking, while promoting and continuously improving the quality and safety of healthcare services as per the latest Standards and Guidelines

ACE programs helps in:

- Knowledge enhancement through Basic and Advanced courses.
- Guidance and Consultation by the Experts to the CSSD Staff to promote adherence to the Standards and Guidelines
- Certification for the CSSD professionals by CAHO after successful completion of the courses
- Auditing & Gap analysis of the CSSD Facility by the CAHO team
- Upon fulfilling 80% compliance, certification from CAHO for the CSSD facility
- Recognition and awards for the top winners at CAHOCON

## Awareness

Support standardization, adoption of best practices in accordance with the international guidelines

## Compliance

Measure compliance, gap analysis and process improvements by regular audits.

## Excellence

Reward and recognize Excellence

# Participation Categories

---

**SHCO**

Small Health Care Organization

Private hospitals with number of beds in the range of 10 to 100 beds will be categorized as SHCO

**MHCO**

Medium Health Care Organization

Private hospitals with number of beds in the range of 101 to 300 beds will be categorized as MHCO

**LHCO**

Large Health Care Organization

Private hospitals with number of beds above 301 beds will be categorized as LHCO

**GHCO**

Government Health Care Organization

Government hospitals with number of beds above 101 beds will be categorized as GHCO

# ACE Program - Deliverables and Timelines

# Registration Process

---

- The registration window opens from 15th June 2022 to July 30th 2022. By registering, hospital agrees to allow access to their CSSD for both virtual and physical audit; including and not limiting to facility, documentation and staff interaction.
- To register, interested hospitals are required to submit the registration form on the CAHO website (<https://caho.in/>) --> Academy --> Training Programs --> Self-Paced Learning--> ACE for CSSD) along with the program fee payment of Rs.10,000 (inclusive of 18% GST). The fee covers basic & advanced courses, 1 virtual and 1 physical audit
- After registration and upon receipt of the payment acknowledgment - instructions will be sent to the registered email ids to access and complete the Basic and Advanced courses on 3M<sup>SM</sup> Health Care Academy. The links to the Basic course and the Advanced course will be active from 1st Aug 2022 to 15th Sept 2022. These courses have to be completed within the stipulated time frame.
- CAHO would be organizing two webinars between 1st Aug 2022 to 15th Sept 2022. The invitation links to attend the same would be sent only to the registered email ids which can be forwarded internally to the team members.
- The participating hospital will have to complete a Self Assessment checklist made available from 1st Aug 2022 to 15th Sept. 2022. The CSSD Manager or (and) the Hospital administrator is responsible to complete the Self Assessment.
- Upon successful completion of the course modules and submission of Self Assessment within the stipulated time frame, the virtual and physical audits will be scheduled for participating hospital by CAHO.
- The responses submitted during the Self-Assessment phase shall be shared to the assigned ACE auditor.
- All registered hospitals would be eligible to undergo the virtual audit organized by CAHO within the time-frame of 16th Sept 2022 to 30th Oct. 2022. The CAHO auditor performing the virtual audit may suggest action items which the participating hospital could implement for better guideline adherence. These are only improvement suggestion(s) for the team to work prior to the physical audit.
- Basis the Self Assessment and virtual audit results, the participating hospital shall be notified on the readiness to schedule for physical audit. Upon notification, the participating hospital would be audited between 5th Dec 2022 to 15th Feb 2023 basis the confirmation of assigned CAHO auditor and hospital.
- The CAHO auditor would be visiting physically to evaluate the participating hospital and their current guideline adherences.
- On basis of the physical audit scores, hospitals upon meeting minimum of 80% compliance will be provided ACE certificate from CAHO. This ACE certificate would be valid for two years in conjunction with periodic assessments monitored by CAHO.

## ACE Rewards

---

To recognize the efforts of the participating hospitals, "ACE Regional Awards" is introduced as a part of ACE'22. All states would be bucketed into one of the 4 regions- North, South, West and East (Refer Terms & Conditions section for more details). Within each defined region, a maximum of 5 hospitals would be recognized (2 LHCO, 1 MHCO, 1 SHCO and 1 GHCO).

---

# ACE Training Modules

---

## Basic Training Courses

---

- Basic Module 1: Science of Device Reprocessing Part 1
- Basic Module 2: Science of Device Reprocessing Part 2

## Advanced Training Courses

---

- Module 1: Standards and Guidelines in Device Reprocessing
  - Module 2: Cleaning and Decontamination of Used instruments
  - Module 3: Instrument Preparation, Packaging & Loading
  - Module 4: Steam Sterilization and Low Temperature Sterilization Methodologies
  - Module 5: Sterilization monitoring and Assurance
  - Module 6: Sterile Storage, Supplies and Documentation
  - Module 7: CSSD Facility Design & CSSD Staff management
-

# Terms and Conditions

---

- ACE program is organized under the aegis of CAHO with 3M as the technical guidance partner.
  - Only hospital entries would be considered. Individual participation will not be considered for the event. All entrants must be legal residents of India.
  - The information provided at the time of registration would be shared with 3M India. By participating in ACE program, you agree to allow CAHO and 3M India to use your hospital name, address, hospital images and logos only in connection with program related publication for advertising, promotional or publicity purposes worldwide (except where prohibited) without limitation.
  - Correspondence to any program related communication will be sent ONLY to the email-IDs provided during the time of the registration.
  - Registration details, self assessment and virtual audit results/feedback shall be shared with the visiting CAHO auditor for physical audit.
  - REGISTRATION FEE CLAUSE: The program fee of Rs. 10,000 has to be made while registering on the CAHO website only via the payment gateway made available on the website. This fee covers basic & advanced courses, 1 virtual and 1 physical audit and shall be applicable for the participation period between June 2022 to March 2023. If the participating hospital fails to complete the entire ACE program before March 2023, this registration fee shall not be refunded and they would have to re-register once again for ACE'2023.
  - The participating hospital should self register their team members to the 3M Healthcare Academy (E-Learning Platform). Detailed instructions shall be sent to the registered Email IDs only.
  - It is mandatory for the CSSD staff members with less than 2 years of work experience to get the Basic Course Certification. It is mandatory for the CSSD staff members above 2 years of work experience to get the Advanced Course Certification.
  - It is the responsibility of the hospital administrator and the CSSD Head from the respective participating hospital to ensure their CSSD team members take up and complete the educational modules within the stipulated time frames.
  - All the webinars or virtual audit would happen either on the zoom.US or Microsoft team's platform depending on the feasibility.
-

# Terms and Conditions

---

- The Self-Assessment checklist has been formulated by CAHO based on the international CSSD guidelines (AAMI, APSIC, CDC etc). The Self - Assessment checklist will be on Microsoft forms. The CSSD Manager and/or the hospital administrator from the participating hospital needs to ensure that the responses are as per the current practices and not any future state. In case of multiple submissions from the same participating hospital, the latest entry before the due date shall be considered as the final response. Where applicable hospital shall submit Photographs as part of the Self - Assessment. The final and complete Self - Assessment will be shared with the assigned CAHO auditors.
- Please note that the virtual audit is only a consultative audit and would not be considered as a part of the final scoring.
- REGIONAL AWARDS:  
The states within the 4 regional categorization are as follows:  
North - Jammu & Kashmir, Himachal Pradesh, Punjab, Haryana, New Delhi, Uttarakhand, Uttar Pradesh, Rajasthan.  
South - Tamil Nadu, Kerala, Karnataka, Andhra Pradesh, Telangana, Pondicherry, Andaman & Nicobar.  
West - Maharashtra, Goa, Gujarat, Madhya Pradesh, Chhattisgarh.  
East - Bihar, Jharkhand, West Bengal, Sikkim, Arunachal Pradesh, Assam, Nagaland, Meghalaya, Manipur, Mizoram, Tripura, Orissa.
- Within each defined region, a maximum of 5 hospitals would be recognized as per the mentioned hospital categories only. (2 LHCO, 1 MHCO, 1 SHCO and 1 GHCO). If there are no eligible winners under a particular hospital category, the reward would not be transferred to any other hospital category.
- All the certificates or trophies will be sent post the winner announcement by CAHO.
- All action items will have to be completed within the stipulated time frame. Entries that do not comply with the official rules in any respect will be considered disqualified.
- CAHO reserves the right to verify entries for authenticity. CAHO India's decisions on all matters pertaining to the ACE project are final and binding.
- The participating hospital would have to revert to all communication within 10 days of notification. Else the participating hospital's position may be forfeited.
- CAHO reserves the right to cancel or modify the program at any time.
- No claims or demands shall lie against 3M as a consequence thereof under any circumstances.
- Any disputes or differences related to the Program shall be governed by laws of India and shall be subject to the exclusive jurisdiction of the High Court at Bengaluru.

# More About the Partners

---

CAHO is a not-for-profit body with the stated, primary goal of enabling quality initiatives in Indian healthcare settings. This is being done through focused courses, workshops, and training programs for implementation of quality in healthcare. CAHO is spreading the message of quality in healthcare at the grassroots level. The flagship CPQIH, CPQIL, CPHIC and CQP initiatives are all part of the bigger game plan to systematically infuse the idea of Quality at the bottom of the healthcare pyramid. While NABH- and NABL-accredited organizations form the core of its membership, other healthcare organizations and individuals desirous of joining the quality movement are also a part of CAHO.

3M Health Care is committed to providing the health care community with innovative solutions, leveraging 3M diversified technologies to help improve the quality of life. No matter what your role is, in helping to prevent healthcare associated infections in your facilities – from Sterile Processing, to the OR, to Infection Prevention or Administration – 3M has innovative solutions designed to help you do your job better. In the area of infection prevention, a continuous focus on education is critical for success. 3M Health Care has long been respected for the breadth and depth of its investment in education. You can depend on our dedicated experts, with their knowledge of technology, product application and best clinical practice, to support you with practical advice that addresses your everyday challenges.
