Healthcare of the FUTURE

The fastest path to Net Zero Healthcare

David Evans
Global Healthcare Segment Director
Schneider Electric

Life Is On Schneider Electric

Healthcare challenges

Workforce shortages

Air pollution health impacts

Resilient hospital infrastructure

Operational costs

Patient experience

7th Edition CAHOCON 2023

Sustainable
Healthcare Facilities

Reduce **carbon footprint** and **operating expenses** while **protecting public health** and the **environment**.

- 4.6% of worldwide greenhouse gas emissions generated by healthcare industry [1]
- Environmentally Preferable Purchasing can lead to a 20% revenue increase [2]
- Energy reduction programs can return savings over $5.4 billion in savings over 5 years [3]

Digital + Electric = Sustainable
For Efficiency
For Decarbonization
Green and Smart Energy

Decarbonization roadmap: a 3-phase approach

Strategize

MEASURE enterprise baseline

CREATE decarbonization roadmap

STRUCTURE program & governance

ENGAGE ecosystem

COMMUNICATE commitment

Digitize

MONITOR resource usage & emissions

IDENTIFY saving opportunities

REPORT and benchmark progress

Decarbonize

REPLACE energy source

ELECTRIFY operations

REDUCE energy use
