Department of Pathology  
&  
Rajagiri Cancer Center

Sunday, 14<sup>th</sup> May, 2023 | Rajagiri Hospital

Applied for KSMC credit hours

# ONCOPATH 2.0

## Diagnostic Challenges

As we all know, the incidence of cancer is increasing in many countries around the globe. Despite the advances in diagnosis and treatment, cancer continues to be one of the leading causes of death worldwide. For pathologists and clinicians, it is an enormous challenge to overcome the difficulties in managing cancer diagnoses so that the patient can receive the best possible treatment. The field of oncopathology has seen a surge in research focus over the last decade. In this context Rajagiri Hospital is organising another CME on Oncopathology. This conference will bring together pathologists from various parts of the state and the country to discuss the challenges in cancer pathology and to learn about the latest developments in the field. This event will provide attendees with the opportunity to explore new techniques, exchange ideas and discuss solutions to the obstacles encountered in managing cancers. By joining forces, we can tackle the challenges of managing cancers together and provide the best possible care for patients.

### **Patrons**

**Rev. Fr. Johnson Vazhapilly**

Executive Director and CEO, Rajagiri Hospital

**Dr. Shiv K. Nair**

Medical Director, Rajagiri Hospital

### **Organizing Chairperson**
